Measuring Effectiveness Policy

WHEREAS, Gregory House Programs has established a policy on effectiveness assessment to help ensure that the organization has defined, measurable goals in place and objectives in place to evaluate the success and impact of its program(s) in fulfilling these goals and objectives, Gregory House Programs has adopted the following policy:

1. At least once every two years, Gregory House Programs will review its goals and objectives towards achieving its mission and will complete a performance and effectiveness assessment of its programs based on that review.

2. This first such assessment will be in 2019 under the authority of the Executive Director.

3. Gregory House Programs will develop and provide a written report of this assessment which will be available on the agency's website:

a) Describing the activities that GHP undertook in the prior two years to achieve its goals and objectives,

b) Identifying the measures used to assess GHP's effectiveness in achieving its goals and objectives,

c) Analyzing the effectiveness of GHP's programs in achieving GHP's goals and objectives,

d) Recommending future actions GHP might take to increase effectiveness based on the findings.

4. At the conclusion of this process, GHP will revise the goals and objectives for GHP, as needed, for the upcoming term and will suggest means of measuring them.
